Dear Potential Partner,

The American Society of Pediatric Nephrology is excited to be planning our 2027 Annual Meeting April 15-17, 2027, in New Orleans, LA. ASPN is the premier professional organization dedicated to advancing the care and understanding of pediatric kidney disease. With a mission to promote optimal kidney health in children through education, research, and advocacy, ASPN brings together pediatric nephrologists, researchers, clinicians, educators and other healthcare professionals from across the United States and around the world.

This exciting event marks the first time in many years we are hosting a standalone meeting for Pediatric Nephrologists. As such, we anticipate that this ASPN Annual Meeting will be highly attended and will provide a unique opportunity for the highest number of Pediatric Nephrologists and professionals dedicated to children's kidney health to gather together and engage with our partners.

We have multiple opportunities for sponsorship and can even customize a package to meet your individual goals.

We look forward to partnering with you.

Sincerely,
