

ASPN Clinical Affairs Committee: Goals for 2015-2016

1. Education/CPG

Repository for templates

- Establish repository of appeal letters/language for medications rejected by insurance with supporting manuscripts
- Post on website and advertise resource on twitter and kidney notes
- Work with PP to provide guide to members to work at State level for Medicaid issues. Will look at the Iowa example of getting an exception and posting those types of steps on the website.
- CAC to join in on PP calls to give standing updates.

CARRA initiative to develop CPTs for SLE

- Solicit interest from membership to be involved
- Facilitate survey

Misc.

- Propose at least one program for PAS 2017 (ex. Lupus Nephritis update).
- Consider assessing member interest in more training for development of quality measures.

2. Ethics Subgroup

- Encourage membership involvement
- Ongoing contributions to Kidney Notes
- Submit proposals to program committee

3. Website

- Ongoing updates to website
- Continue to work with communications group
- Yo has volunteered to be the liaison

4. Practice management

- Webinar for ICD-10 with Mark Joseph
- Support creation of Practice Management ICD10 PDF resource for billing
